Lovells Notes
Mr. and Mrs. Frank Wood returned home after a two weeks' visit with relatives and friends in Detroit and Flint.

Margie Caid was home over Sunday.

Roy Scott has been making some fine improvements on the interior of his tavern. A fine new bar is being put in and a new floor oil furnace.

Margaret Husted went to West Branch for a few days.

Village Caucus will be held at the Town Hall, Saturday, March 15. All township officers will be nominated for the spring election.

Mr. and Mrs. C. Stillwagon, accompanied by Mrs. Robert Steckling and Margaret Husted, drove to Traverse City last week. Mrs. Stillwagon had the attention of Dr. Beall, eye specialist of that city, and the rest spent their time shopping.

The card party was well attended last Saturday night at the home of Mrs. Joe Gayer.

A nice lunch was served. All reports a fine time. Prizes were won by Mrs. Bertha Gilbert and Bill Miller; also Mr. and Mrs. Ed Kellogg carried home the consolation prizes.

Sixteen persons attended the birthday dinner given at the Douglas Hotel last Wednesday evening, honoring Mr. Edgar, who has reached another milestone. A delicious chicken and duck dinner was served and enjoyed by all.

Weekly News-Letter
From the Desk of Representative Emil A. Peltz.

March 7, 1947.
One big issue has been disposed of during the past week. The \$270,000,000.00 bonus bond issue went on sale and was bid in by a national syndicate headed by the Bankers Trust Co. of New York.

The interest rate is 1.4734 percent, which is better than was expected. The syndicate has announced that the entire issue has been disposed of, a tribute to the credit standing of the State. Legislation setting up the machinery for the payment of the bonus has been passed and it is now possible for payments to start by April 1st.

The daily press has come out with the story that the House has amended the bill so that only "dependent" fathers or mothers would qualify as beneficiaries in the case of the death of a veteran. Nothing is further from the truth. On the contrary, the amendment as passed by the people last November, has in it the word "dependent", which is now a part of the Constitution. House members fear that the discrimination is unfair and have been trying to find some way in which payments could be made to all parents who have lost their sons. The legislature is helpless to change the wording of the Constitutional Amendment as adopted by the people. The misleading statements by the daily press have brought in a flood of protests from the people.

The much talked of bow and arrow season in Gogebic, Roscommon, Montmorency and Oscoda counties is fast gaining momentum. Out of the three counties in my district, I have only received one letter expressing opposition to the idea. It seems entirely possible that other counties will ask to be added to the list. Requests are coming in from Alpena, Crawford and Newaygo. Interest is becoming state-wide.

We have the usual number of bills asking for the closing of bays to commercial fishing. A hearing is scheduled for the bill that closes Thunder Bay.

It Was A Merry Tune . . .

For years we have heard politicians figuratively, if not literally, orate from the nearest soap box in behalf of the little man, the average man, the underprivileged man, or some other fictitious character. Such laudatory orations generally wind up with pleas for another billion or two of government money and inevitably urge a benevolent increase in the size of government—a few more boards and bureaus.

It is interesting to note the path down which this kind of demagoguery is leading the little people, which means practically all of us. The point has now been reached where those with net incomes of less than \$5,000 a year make up 96 percent of all income taxpayers in the United States, and they pay the Treasury \$10,137,000,000 a year, or 58 percent of total revenue from taxes on individual incomes. People with net incomes of more than \$5,000 a year make up only 4 percent of taxpayers and account for 42 percent of the take from personal income taxes.

Federal spending has reached the stage — 30 to 40 billions a year — where if all the income retained by the "rich" after present tax payments, were seized, it would not make a noticeable dent in the tax burden. As one analyst has very modestly summed up the problem: "Congress, therefore, is having to face the hard fact that it takes a broad taxpayer base to support high-cost government."

The Pied Piper has played a merry tune, and the little people who have followed him will soon know what the inside of the mountain looks like.

Addition of 1 percent on top of an existing 2 percent tax on gross income of utilities.
Increase in personal income tax by raising the 50 percent basic rate to 60 percent.

You will note that in most of the above taxes the cost would be paid in part by war veterans and their relatives. In fact, surprising as it may seem, Governor Dewey frankly takes the position that it is not practical to finance the bonus of this size without general taxation. In proposing a bipartisan commission to study the bonus, Governor Dewey observed: "Before long, the million and a half veterans and their wives, parents, children, brothers, sisters and other relatives will constitute at least eight out of every 10 people in the state. They and their relatives therefore will be paying for whatever benefits are voted." Democratic leaders in New York state denounced Governor Dewey. They say the bonus should not be paid by veterans and their relatives; they suggest that industry be forced to share its "profits."

With the \$50,000,000 trust fund intact and a \$270,000,000 bonus well on the way, Michigan will have done well with its veterans. On a national basis the record is equally good, if not better.

Last fall in the four-year colleges alone over the nation, there were more than 700,000 veterans as full-time students. The Veterans Administration recently reported that 2,258,937 veterans were attending schools or taking

job training up to Nov. 30.

Unemployment benefits of \$20 a week for 52 weeks are available to ease the readjustment of veterans. Veterans have the advantage also of retaining life insurance to the amount of \$10,000 at a lower rate of premium than is available to the public. They have medical care or hospitalization and pension rights. The \$270,000,000 bonus in Michigan and the \$400,000,000 bonus in New York are all part of the big picture—expressions of gratitude from the Nation.

CONK'S COL

Got a shanty on the ice? Time to get it off now, before the ice melts. But we envy nobody the shanty free of the ice. It has sunk in, due to thaws and freezes, not to mention getting it off the lake.

We have a most ornate "fly," presented to us by Fred Bishaw, trout specialist and thoroughly honest (to a considerable extent) Walonian. Fred guarantees it will hook any fish that bites at it. We are a bit skeptical as to what it will bite at it. The "fly" is on and around a whale-bone hook, includes among its embellishments one carrot 8 inches long, one piece of "deemide," one

piece of calico, one piece of rope, all bound with red cord. Yep, it is one humdinger of a "fly"—but, in our opinion, only a darned poor fish would consider it edible. Maybe it's a deer fly.

Thaws setting in. But this is March, and, like on extra slick ice, anything can happen. However, our calendar tells us the Trout Season is just a bit over five weeks away. By that time Gentle Spring should be here and winter "zephyrs" (we hope) a thing of the past—until next winter, anyway.

Though the bass season is over three months away, Fred Carr has entered into the making of his pet species of fly at full steam—and we have six specimens of his handiwork to try out on the bronzebacks, comes June 25. We have had real luck on the Carr flies in the past, but lost them all, some way or other, though no fish has as yet gotten away with one of them. Fred, who is one of the Fish Hatchery workers, is a noted angler and guide—and he proves his flies get the fish ere he tells anyone they do.

The news that Claude Cardinal is "on the mend" after a major operation at St. Mary's Hospital, Bay City, comes as mighty welcome information. We hope that Claude is in fine fettle by April 28. Going fishing on opening day without Claude would be like boarding a train without a ticket.

Floyd Davis, noted as a jeweler par excellence and a member of the Tribe of Izaak in very good standing, tells us he got the limit of bluegills on February 28, the last day of the season. Our luck was to draw a zero on fish during the whole ice-fishing season.

We have heard no local comments, pro or con, on the proposed open season for buck, does and fawns, to bow and arrow hunters. Maybe it is that few of the modern Hiawathas or William Tells would be likely to bag any game. Another "sign" of spring—the large number of doggies playing on the school grounds and the Court House lawn.

Sailor Huddleston and Pat Harwood caught first and second prize winners respectively, in the Field and Stream 1946 contest, in the brook trout classification (on flies) in Nipigon Lake, Canada—and on alternate days. And that is some coincidence.

Us Michigan folks can perk up a bit in the fact that the prize-winner (rainbow trout class, fly-fishing) (first prize) in the continental fish contest conducted by Field and Stream was caught in the Manistee River. And other rainbow trout prize-winners to a total of three, were taken from this same stream or the Little Manistee. The first prize winner was a doctor, so were two other prize-winners in the rainbow fly-fishing class. Which goes to prove the M. D.'s know something besides prescribing bad-tasting "physics."

Don't Forget Your Shanty

It is high time to be thinking about getting that fishing shanty off the ice, the Conservation Department is reminding anglers as Michigan fishing reaches a turning point in mid-March.

Fishing for bluegills and sunfish ended on the last day of February, and ice spearing on inland waters ceased at the same time. On March 15, walleyed pike and northern pike enter their protected season, and ice fishermen will be left only perch, crappies and rough fish for game.

Fishermen who fail to remove their shanties before the ice becomes unsafe have 30 days after the ice melts to clear them off the lake and river bottoms. Those neglected and allowed to become hazards to boating, fishing and swimming may be removed under direction of conservation officers, and removal costs—in addition to the fine and court costs—may be charged against the shanty owner.

Just around the corner are the upstream runs of fish to spawn.

ing grounds. At Bay de Noc, where commercial fishermen have been taking 1,000 to 2,000 pounds of smelt daily this winter, smelt runs in the lavish style of the early 1940's are being awaited, hopefully. Perch runs will bring anglers to favorite stream banks and bridges, crowded elbow to elbow. Dipnetting for suckers and carp is legal from March 1 to May 15, but little activity of this sort is expected until rivers are clear of ice. Stream spearing of these rough fish extends from April 1 to May 15 in the southern peninsula, through the month of May above the Straits.

Standard hook and line angling will be resumed at the opening of the trout season on the last Saturday in April, which is April 26 this year.

Annual Tax Sale

STATE OF MICHIGAN.

In the Circuit Court for the County of Crawford
In Chancery. No. 68.

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

On reading and filing the petition of the Auditor General of the State of Michigan praying for a decree in favor of the State of Michigan, against each parcel of land therein described, for the amounts therein specified, claimed to be due for taxes, interest and charges on each such parcel of land, and that such lands be sold for the amounts so claimed by the State of Michigan.

It is ordered that said petition will be brought on for hearing and decree at the April term of this Court, to be held at Grayling in the County of Crawford, State of Michigan, on the 8th day of April, A. D. 1944, at the opening of the Court on that day, and that all persons interested in said lands or any part thereof, desiring to contest the lien claimed thereon by the State of Michigan, for such taxes, interest and charges, or any part thereof, shall appear in said Court, and file with the clerk thereof their objections thereto on or before the first day of the term of this Court above mentioned, and that in default thereof the same will be taken as confessed and a decree will be taken and entered as prayed for in said petition. And it is further ordered that in pursuance of said decree the lands described in said petition for which a decree of sale shall be made, will be sold for the several taxes, interest and charges thereon as determined by such decree, on the first Tuesday in May thereafter, beginning at 10 o'clock a. m. on said day, or on the day or days subsequent thereto as may be necessary to complete the sale of said lands and of each and every parcel thereof, at the office of the County Treasurer, or at such convenient place as shall be selected by him at the county seat of the County of Crawford, State of Michigan; and that the sale then and there made will be a public sale, and each parcel described in the decree shall be separately exposed for sale for the total taxes, interest and charges, and the sale shall be made to the person paying the full amount charged against such parcel, and accepting a conveyance of the smallest undivided fee simple interest therein; or if no person will pay the taxes and charges and take a conveyance of less than the entire thereof, then the whole parcel shall be offered and sold. If any parcel of land cannot be sold for taxes, interest and charges, such parcel shall be passed over for the time being, and shall, on the succeeding day, or before the close of the sale, be reoffered, and if, on such second offer, or during such sale, the same cannot be sold for the amount aforesaid, the County Treasurer shall bid off the same in the name of the State.

Witness the Hon. John C. Shaffer, Circuit Judge, and the seal of said Circuit Court of Crawford County this 13th day of February, A. D. 1944.

John C. Shaffer,
Circuit Judge.Countersigned,
Leo Lovely, Clerk.

STATE OF MICHIGAN.

In the Circuit Court of the County of Crawford
In Chancery.

In the Matter of the Petition of Muri K. Aten, Auditor General of the State of Michigan, for and in behalf of said State, for the sale of certain lands for taxes assessed thereon.

To the Circuit Court for the County of Crawford, in Chancery:

Muri K. Aten, Auditor General of the State of Michigan, respectfully shows unto the Court:

1. That he is the Auditor General of the State of Michigan and makes and files this petition under, by virtue of and pursuant to the provisions of Act No. 206 of the Public Acts of 1933, as amended, and Act No. 126 of the Public Acts of 1933, as amended;

2. That Schedule A annexed hereto is the tax record required by the act first above mentioned and contains the description of all lands in the aforesaid county upon which taxes, which were assessed for the years mentioned therein, have remained unpaid for more than one year after they were returned as delinquent, the description of all lands in said county heretofore bid-off in the name of the State and thus held and upon which taxes which were assessed subsequent to the tax for which such lands were sold to the State have remained unpaid for more than one year after they were returned as delinquent, and the description of all lands in said county which are delinquent for any installment of taxes under the provisions of the act last above mentioned;

3. That extended separately in said schedule against each description of said lands therein contained are (a) the total amount of delinquent taxes upon said description for the non-payment of which the same may lawfully be sold at the next annual tax sale, (b) interest computed thereon as provided by law to the first day of May, next ensuing, (c) a collection fee of four per cent and (d) \$1.00 for expenses, all in accordance with the provisions of the act first above mentioned;

4. That all of the aforesaid taxes, interest and charges are valid, delinquent and unpaid, and have remained delinquent and unpaid for sufficient time to authorize and require, as provided by the foregoing acts, the sale of the aforesaid parcels of land against which they are assessed and are extended in said schedule at the next annual tax sale for the non-payment thereof, and that the said taxes, interest, collection fee and expenses so extended in said schedule against each parcel of land therein described constitute a valid lien upon each of the said parcels of land described in said schedule as therein and against which extended in favor of the people of the State of Michigan, the payment of which lien this court may enforce as a preferred or first claim upon such lands by the sale thereof.

Wherefore your petitioner prays:

a. That within the time provided by law this court may determine and decree that the aforesaid taxes, interest, collection fee and charges are valid and constitute a valid lien upon each of the said several parcels of land described in said schedule as therein extended;

b. That within the time provided by law this court make a final decree in favor of the State of Michigan against each parcel of said lands for the payment of the several amounts of taxes, interest, collection fee and expenses, as computed and extended in said schedule against the several parcels of land therein contained;

c. That said decree provide that in default of the payment so ordered of the said several sums computed and extended against said lands in said schedule, the said several parcels of land, or such interest therein as may be necessary to satisfy the amount decreed against the same, shall severally be sold as the law provides;

d. That your petitioner may have such other and further relief in the premises as to this court may seem just and equitable.

And your petitioner will ever pray, etc.

Dated: February 5, 1944.

MURI K. ATEN,
Auditor General of the State of Michigan,
for and in behalf of said State.

STATE PARKS AND RECREATION AREAS

RULES AND REGULATIONS

Michigan State Parks and Recreation Areas belong to the people of the State and are for recreational use of the public. Visitors are welcome. To prevent abuse and misuse of the privileges and facilities provided, the following rules and regulations governing public use are adopted under authority of Act 17, Public Acts of 1921, as amended by Act 397, Public Acts of 1927, Section 3-a, of such Act being quoted in part as follows:

"Any person who shall do or perform any act prohibited by such rules and regulations or shall fail to refuse or neglect to do or perform any act required by such rules and regulations concerning the use and occupancy of lands and property under the control of said Commission of Conservation, which shall have been made, promulgated and published as in this Act provided, during the same time such rules and regulations shall be in force and effect, or who shall violate any such rules and regulations thus made shall be deemed guilty of a misdemeanor and upon conviction thereof shall be subject to a fine of not more than \$100.00 together with costs of prosecution, or to imprisonment in the county jail for not more than 90 days, or both such fine and imprisonment in the discretion of the court."

1. As used in these Rules and Regulations, the word "park" shall mean State Park or State Recreation Area.

2. It shall be unlawful to remove without written permission, to deface, or to injure any building, property, or vegetation.

3. Cans, bottles, papers, or other rubbish shall be placed in receptacles provided, and shall not be dumped and left on the ground or in lakes, streams, or springs.

4. Open fires shall not be started except in places designated for that purpose and fires shall not be left unattended.

5. Riding of horses is prohibited on areas posted against such use and on beaches; picnic grounds, playgrounds, camp grounds, and foot trails.

6. Firearms shall not be carried nor had in possession unless unloaded in both barrel and magazine, except that this regulation shall not apply in portions of parks which are open to hunting by order of the Conservation Commission during such open periods. Shooting of air rifles and possession of fireworks and firecrackers are prohibited. Shooting with bow and arrow

CHEESE

For a quick and nourishing lunch for the whole family, melt one tablespoon butter, add 1/2 pound of soft cheese (grated or cut in small pieces), a few grains of cayenne, salt and pepper, and turn to low heat. As the cheese melts, add 1/2 cup of evaporated milk, stirring constantly. Then add a slightly beaten egg. Two tablespoons of tomato added just before serving will give a nice flavor and attractive color. Serve on toast points or toasted crackers.

SCOUTS ENTERTAIN MOTHERS

Girl Scouts of Troop No. 4, under the direction of Mrs. Grace Andrews and Mrs. Yvonne Westerholm, staged a style show for their mothers and guests, Thursday evening. Costumes for the different seasons of the year were modeled.

Highlight of the evening was the crowning of Sally Bishaw as Queen of the style show. The remaining girls formed her Court and stood on either side of the throne. Mrs. Andrews placed the silver crown on Sally, who was attired in a black net formal accented with a pink choker. The Queen then entertained the audience with a South American dance.

Other girls participating were: Jean Lovely, who sang a song in French, and Jane Harwood, who sang a Gay Nineties number with imitation.

The unique program was much enjoyed by all present.

YOUR DOCTOR

Why does your doctor have a reception room?

You probably have never given a thought as to why your doctor has a waiting room — it's one of those things you just take for granted. And that's the wonderful part of it — you DO take it for granted. You take your place in the waiting room as matter-of-factly as you take your turn at the voting booth. It's as democratic as America itself. The doctor's reception room is the American way of making YOU the elector of your own medical service — of giving you the freedom of choice in selecting your doctor.

dian whiskeys. Scotch whiskey, still short, will be limited to one bottle to a customer, the Governor said, although no ration cards will be required.

The announcement came after the Senate approved the appointment of Gov. J. Cleary and G. Monnen Williams as new members of the commission. Cleary is the commission chairman.

Appointment Governor Kim Sigler made his second circuit judge appointment when he named Lucien F. Sweet of Kalamazoo to the bench, after signing into law a bill creating a second circuit judgeship in Kalamazoo County.

Earlier he had named Leo V. Brennan, Deputy Attorney General, as judge of the Twelfth Judicial Circuit in the Upper Peninsula, to fill a vacancy. Sigler Proclaims Centennial Day in commemoration of the 100th anniversary of the adoption of Lansing as the capital of Michigan, Governor Sigler has proclaimed Sunday, March 16, as Capital Centennial Day in Michigan.

The capital was placed at Lansing as the result of a legislative joke, when the present city of more than 30,000 inhabitants was a wilderness inhabited by a handful of people.

In addition to the proclamation, the Governor will speak at two special Centennial celebrations sponsored by the city.

GRANGE NOTES

Grangers plan to attend the monthly business meeting, March 15, 1:30 to 3:30 p. m. There will be a pot-luck lunch at 12:30. An important issue to be discussed is the re-organization of the Juvenile Grange.
